President's Message

LCP Kernan Motoomull

Dear Fellow Rotarians,

What makes Rotary International unique is that its membership is composed of a diverse group of people from various backgrounds and professions which include entrepreneurs, teachers, nurses, doctors, engineers, journalists, government officials and many others. Everybody in Rotary comes together to do one thing: make a difference in their communities by volunteering their time and expertise.

The Rotary Club of Makati North had a joint meeting with RC Iba on October 13. It was a very refreshing activity to share the burden of service and learn new ideas from one another. Indeed RCMN is evolving with more maturity even in these challenging times. The purpose of this joint meeting was to discuss how the two clubs can work together to enhance service in our communities. The LAKAS project is just the beginning!

Thank you so much for your support.

Yours in Rotary,
Kernan Motoomull

Brief Club Profile of our Sister Club RC Iba:

Sometime in August 1980, District Governor Special Representative Virgilio Afafe was authorized to make a survey on the possibility of establishing a new Rotary Club in Iba and or the neighboring towns. After several visits and meetings was made with a number of civic minded citizens, a Classification survey and 2 Organizational meetings were held at the Sand Valley Beach Resort. It was here where the officers were elected.

On February 23, 1981, information from the Rotary International officially approved the application documents for membership. Hence, Rotary Club of Iba was chartered on February 23, 1981 with Club RI # 16889

We are now 40 years old and still doing great where members are bonded by strong cooperation, camaraderie and great passion to help and to share with the needy.

At present, we have 44 members, 21 male and 23 female members. Its meeting place is at Palmera Garden and Beach Resort where we meet every Wednesdays at 7:00PM.

We have partners in service; RCC Helping Hands, RCC Palauig and RCC Botolan and 2 RACs. Community Based Rotaract Club of Iba and School Based Rotaract Club of PRMSU- Kapisan.

We also have 1 benefactor, 3 Major Donors, 2 PH Society members and 16 PHF.

RI President's Message

For the Month of October

A quarter of the Rotary year is now behind us. I am sure you are helping Rotary to grow more and do more. And I hope you have already done your part for the Each One, Bring One initiative by introducing one person to Rotary.

Do you ever think about your earliest days as a Rotarian? I often do — because those first moments of discovering the power of service shaped who I am today. When I joined my Rotary club, our efforts focused on India's rural communities, where people were living without toilets, getting their drinking water from the same pond they bathed in, and sending their children to outdoor classrooms set up under a tree. The nearest health care provider often was miles away — and the services were inadequate. But after Rotary clubs carried out some service projects, the villages had toilets, clean drinking water, a classroom for early learning, and a nearby health care center.

The spark that Rotary kindled within me forced me to look beyond myself and embrace humanity. It made service a way of life and led me to a guiding principle I still stand by: Service is the rent I pay for the space I occupy on Earth.

If you feel the need to reignite the spark of service in yourself or your club, October — Community Economic Development Month — is a great time to do so. When we work to improve the lives of people in underserved communities — through, for example, projects that provide vocational training and access to financial resources — we help build and sustain local economic growth.

The need is great. According to the United Nations, 9 percent of the world's population — that's 700 million people, a majority of them in sub-Saharan Africa — live on less than \$1.90 a day. By supporting strong community development as well as entrepreneurs, we can help improve conditions for people in that region and others.

Your club can also promote economic development in your own community by expanding vocational training opportunities through local schools and community colleges, partnering with lenders to improve access to financial services, or working with a nonprofit that provides resources to entrepreneurs and connects them with the business community.

Of course, developing strong communities is impossible without strong public health. On 24 October, World Polio Day, we'll celebrate our tremendous progress in the effort to eradicate polio. But we also know the fight is not over. We still need your help raising funds and awareness to ensure that all children are immunized against polio. Please don't forget to activate your clubs on that important day and encourage them to donate here: endpolio.org/world-polio-day.

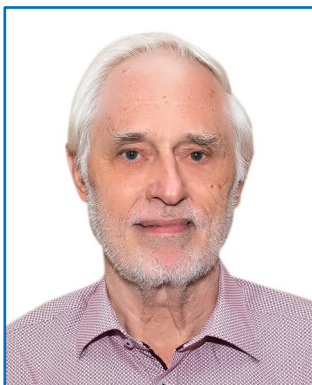

Service has been rewarding for me throughout my life. I know the same is true for many of you. Join me this month in becoming a good tenant of our planet by helping others to better themselves and their communities. Together, we can Serve to Change Lives.

RCMN LAKAS AYTAS COMPUTERIZATION PROGRAM – Adopt a laptop

For almost 30 years now, RCMN is supporting the Aytas community displaced because of the Pinatubo eruption in 1991. We conducted Medical and Dental Missions, Scholarship programs, School supplies, Formation of a Cooperative, planting of fruit trees, Building of a Library, etc.

This new Project is initiated by PP Boy Sevilla, RCMN Community Service Chair together with our partners in service the RC Club Iba, Zambales attending with Pres. Cesar Molino, John Lloyd, Nadia Molino, Shan Laborce, Gilbert Aramay, RAC Brgy Sta Cruz, Melissa Rafols,

With RC Iba their members and their RCC, we have a natural ally to serve even better to the communities in Botolan. This is especially critical when the users need to be instructed to use the units properly, assist for trouble shooting,

AG Evangeline Ecalnir 'Vangie' contributed recognizing the value and benefits of the project and offered her full support.

The meeting began with 27 attendees and served to officially launch the project with the

aim to provide 20 laptops and a Projector to the Aytas High school students.

The Aytas Community will benefit from the laptops and will be used primarily by the High school students during weekdays according to an established schedule and they will teach the younger ones as well.

The early birds' pledges during the pre-launch period, are: PP Pabling Calma 2 laptops, PP Gus Lagman, PP Archie Reaño, former member Danny Dimayuga for 1 laptop each. Rtn Natoy Almeda will donate 1 laptop and an LCD Projector.

Project WASH To Combat Covid for FBES Main A District Grant Funded Project / Oct. 5, 2021

School opening has started and in timely manner, the application of the Rotary Club of Makati North for a district grant to fund the Project WASH to Combat Covid was given the notice to proceed for Rotary Year 2021-22.

Last Oct. 5, RCMN Exec. Director and Rtn. Betty Centeno together with SPres. Ida Rafols and RCC Ning Sibayan went to the school to formally discuss the implementation of the project. Mrs. Lori Macaraeg and school Nurse Meg Quimoyog represented the principal Mrs. Sally Miranday.

After the meeting, the group conducted an ocular visit of the area where the Project WASH will be installed. Aside from the wash area, the club will provide also liquid soap, sanitizer, and alcohol to augment the sanitation and hygiene of the school personnel, students and visitors to avoid the virus.

After the meeting and visit, the group went to Wilcon Builders to canvass some of the basins that will be installed, this time Rtn. Jho Manalili joins us.

Proper turnover of the project and signing of MOA will be held once the installation is complete.
